Subject: Aquarina Utilities SARC

Patti & Curt,

In order to mitigate the risk for the loss of irrigation customers due to a 152.26% increase in irrigation rates, Aquarina Utilities requests the eliminate the bfc and only a 10% increase in irrigation rates. Using the same rationale the Commission has used in the past with regard to reuse irrigation , as well as the fact that the irrigation lines serve the fire hydrants, the remaining revenue requirement should be transferred to water and/or wastewater service. Please do not hesitate to give me a call if you have any questions.

Thanks, Marty
