RE: Docket No. 160065-WU; Application for an increase in water rates in Charlotte County by
Bocilla Utilities, Inc.
Our File No. 47016.04

Dear Ms. Stauffer:

Attached are the responses of Bocilla Utilities, Inc., ("BUI") to the informal Data Request by email from Charlie Johnson to Craig Noden dated October 19, 2016.

1. Please explain the billing process between EWD, Bocilla, and KIU. Please include an explanation of the difference in service territories between Bocilla and KIU and if KIU purchases their water from Bocilla.
Response: The KIU utility's meters are read monthly and a statement is emailed to them showing the amount they need to send directly to EWD and how much they owe BUI based on the agreement between KIU and BUI. The amount sent to BUI is to reimburse BUI for the non-used and useful portion of the interconnect with EWD. The North end of BUI's certificated area is the border with KIU. Staff has a full color aerial showing BUI's certificated area and when Adam Hill was on site he was shown the interconnect between BUI and KIU. Attached is copy of the statement BUI emails each month to KIU showing the amounts owed. KIU does not purchase the water from BUI but purchases directly from EWD, and as a consequence, pays EWD directly.
2. Please send us billing determinants for private fire protection for calendar year 2016.
Response: BUI has only one private fire protection customer, the Charlotte County Fire Department, which is billed pursuant to its Tariff, Sheet No. 13.2. A copy of the Tariff Sheet is attached to the responses to the Second Data Request in response to OPC Issue #5. That customer has a 4" meter.

3. In the utility's MFRs, no general service customers were included. Does Bocilla have any general service customers? If so, please submit revised billing determinants with general service customers included.

Response: BUI does not have any general service customers.

Should you or Staff have any questions regarding this filing, please do not hesitate to give me a call.

Very truly yours,

MARTIN S. FRIEDMAN
