DOCKET NO. 160001-EI
ORDER NO. PSC-16-0480-CFO-EI
ISSUED: October 24, 2016

ORDER GRANTING GULF POWER COMPANY'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION AND MOTION FOR TEMPORARY PROTECTIVE ORDER
(DOCUMENT NO. 06919-16)

On August 22, 2016, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Gulf Power Company (Gulf) requested confidential classification (Request) and Motion for Temporary Protective Order pertaining to certain information provided in response to the Office of Public Counsel's Second Interrogatories to Gulf Power Company (Document No. 06919-16). This request was filed in Docket No. 160001-EI.

Request for Confidential Classification

Gulf contends that a portion of the information contained in the discovery responses, as more specifically identified by page, line, and statutory basis in Exhibit C to its Request, constitute proprietary confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. Gulf asserts that the information at issue relates to competitively negotiated data, such as proprietary confidential business information concerning bids or other contractual data, the disclosure of which would impair the efforts of Gulf to contract for goods and/or services on favorable terms. The information, Gulf argues, is entitled to confidential classification pursuant to Section 366.093(3)(d) and (e), F.S. Specifically, the confidential information relates to Gulf's fuel procurement strategy and consists of the percentage of hedging transactions for 2017 through 2018 which Gulf Power has entered into in accordance with the confidential target hedge percentages in its approved 2016 Risk Management Plan. Gulf contends that disclosure of this element of Gulf's fuel procurement strategy to the market would provide insight into the confidential target hedge percentages in Gulf's Risk Management Plan and impair Gulf's efforts to hedge on the most favorable terms for the benefit of its customers. Gulf affirms the information has not been disclosed to the public and DEF has treated and continues to treat the information and contracts at issue as confidential.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section

366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.
- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information constitutes “information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms” and “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 06919-16 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

Gulf also seeks protection of the documents as provided in Section 366.093(2), F.S., and Rule 25-22.006(6), F.A.C. Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from the public records law. Section 119.07(1), F.S. Rule 25-22.006(6), F.A.C., codifies the Commission’s policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

Upon consideration of Gulf’s assertions of the confidential nature of the information contained in portions of the discovery responses, Document No. 06919-16, TECO’s Motion for

Temporary Protective Order is hereby granted. As a result, this information shall be protected from disclosure pursuant to Rule 25-22.006(6), F.A.C.

Based on the foregoing, it is

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Gulf Power Company's Request for Confidential Classification of Document No. 06919-16 is granted. It is further

ORDERED that Gulf Power Company's Motion for Temporary Protective Order of the information in Document No. 06919-16 is granted. It is further

ORDERED that the information in Document No. 06919-16 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Art Graham, as Prehearing Officer, this 24th day of October, 2016.
