Subject: Docket # 160186-EI

Concerning the proposed rate increase by Gulf Power, I find the totally unacceptable.

1. I myself have not had a pay increase for 8 years and this will raise my bill to a level that will put a burden on myself and family.
2. I have two meters which means I will be paying a increased basic rate charge on each meter, one of which has very little use making the basic rate charge on it to high to keep service on.
3. Raising this fee will have adverse effects on many who already struggle to make ends meet.
4. Please think about the effects this increase will have on those of use who are for the most part on a fixed income.

I am asking you to please deny this rate increase request for Gulf Power.

Steven L Robertson
