SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The SERC examined the factors required by Section 120.541(2), FS, and concluded that the rule amendment will not have an adverse impact on economic growth, business competitiveness, or small business and is not anticipated to result in significant transactional costs. Additional transactional costs that may result from the amendment are likely to be de minimis.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: based upon the information contained in the SERC.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
