History has proven that Utilities Inc. has continually filed for rate increases with little improvement to our drinkable water quality.

I oppose Docket No. 160101-WS Utilities, Inc. of Florida consolidated rate case due to its overwhelming impact on my utility rates.

I see minimal maintenance and updating of my community's utility system even though my rates continually increase.

Other Comments:

They do nothing more than flush water & inflate our rates for their 10% ROI.

Rates/Adverse Financial Impact:

Utilities, Inc. of Florida rates are higher than Utility rates for our neighboring communities and/or proposed rates would place an undo adverse financial burden upon our household.

Other Comments:

Selling would be the right & correct thing
to do.
