6. Have you experienced any significant barriers in entering Florida's local exchange markets? Please list and describe any major obstacles or barriers encountered that you believe may be impeding the growth of local competition in the state, along with any suggestions as to how to remove such obstacles. Any additional general comments or information you believe will assist staff in evaluating and reporting on the development of local exchange competition in Florida are welcome.

None at this time

7. What type of customer do you pursue/what does your typical customer look like?

We have an equal focus on both business and residential customers.

8. How do you compete for customers today, and how has that changed in the past five years? The past 10 years? 20?

WOW! has always competed based on superior customer service.

9. Other than Special Access/Business Data Services pricing, what are CLECs' main issues/challenges today?

None at this time

10. What decisions have the FCC and/or states made since the 1996 Federal Telecom Act that affected your company the most (good or bad)?

Like all broadband service providers, WOW! adapts to any industry changes in order to compete. To date, there have been no decisions that have caused excessive harm or good to WOW!

11. Did your company try to interconnect via IP and/or purchase any wholesale IP services from AT&T in their state, including "best practices"?

No

12. What can states do/what should states be doing to ensure competition for telecom services continues to grow in their state, including “best practices”?

No comments at this time.

13. What do you think will be the major proceedings/decisions from the FCC over the next five years?

Given the new administration we believe there will be a focus on less regulation at the Federal level.

Please use additional paper if needed.
