

FLORIDA PUBLIC SERVICE COMMISSION

Item 9

VOTE SHEET

July 13, 2017

FILED 7/13/2017  
DOCUMENT NO. 05840-2017  
FPSC - COMMISSION CLERK

**Docket No. 20170122-EI** – Petition for exemption under Rule 25-22.082(18), F.A.C., from issuing a request for proposals (RFPs) for modernization of the Lauderdale Plant, by Florida Power & Light Company.

**Issue 1:** Should the Commission grant FPL's petition for exemption from the RFP requirement of Rule 25-22.082, F.A.C., for the modernization of the Lauderdale Plant?

**Recommendation:** Yes. The Dania Beach Project meets the requirements for exemption under Rule 25-22.082(18), F.A.C., by reusing the existing Lauderdale plant site and related facilities for a newer, larger, and more efficient unit. Granting the exemption will not relieve the Company of any requirements during a future PPSA need determination proceeding, including a demonstration that the project is the most cost-effective source of power or whether conversion or renewable generation can mitigate the need for the modernization of the Lauderdale Plant.

**APPROVED** *as modified\**

Item 9

**Docket No. 20170122-EI** – Petition for exemption under Rule 25-22.082(18), F.A.C., from issuing a request for proposals (RFPs) for modernization of the Lauderdale Plant, by Florida Power & Light Company.

(Continued from previous page)

**Issue 2:** Should this docket be closed?

**Recommendation:** Yes. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order.

**APPROVED**

Angela Charles

Staff requests approval to make an oral modification to Item 9 scheduled for the July 13, 2017 Commission Conference. On July 7, 2017 FPL filed a revised response to staff’s data request that altered the value of a cost-benefit analysis noted in the recommendation. The modification is on page 4, the second sentence of the second paragraph. The modification does not affect staff’s recommendation.

**Revision To Issue 1, Page 4, Second Paragraph:**

FPL notes an alternative to new generation would be operating the existing Lauderdale units uneconomically to maintain system reliability. However, FPL states that its proposed Project

represents a savings of ~~\$400~~ \$350 million in net present value for the Dania Beach Project from fuel savings, O&M savings, and avoided capital replacement costs over this alternative.
