To whom it may concern,

Please take the following into consideration in re: Utilities, Inc. Florida Docket No. 20160101 rate increase request

If the new consolidated rate increase recommended by Staff is approved, Seminole County residents will have the burden of paying \$3,858,438 million of the \$5,512,904 rate increase. That means, out of the 16 systems in Utilities, Inc. portfolio, Seminole County's 3 systems would be paying 70% of the increase. Therefore, we would be subsidizing the other systems in the State. To me, this proves that the staff is not complying with the State statute that requires a rate must be reasonable and not unfairly discriminatory.

*Best regards,  
Dan and Nancy Kon*
