Subject: Utilities, Inc. Florida Docket No. 20160101 rate increase request."

To whom it may concern,

I am very concerned about the rate increase request from Utilities Inc. The burden that would be placed on Seminole County residents is unfair and unjust. If there must be a rate increase, this increase should be spread evenly across the systems in the Utilities Inc. portfolio. It has been calculated that Seminole County would bear 70% of the rate increase. How is that fair?

I urge the commission to reject this lopsided plan and adopt a plan that is more fair and equitable for all of the systems.

Respectfully,

Mary Ann Bucklan
