Subject: Utilities, Inc. Florida Docket No. 20160101 rate increase request

To the Florida Public Service Commission:

As a resident of Seminole County and a customer of Utilities, Inc., I find it particularly outrageous that the staff of the Florida PSC is considering approving a 128.65% consolidated rate increase for our water and wastewater consumption! As you approach making your final decision on this matter, please consider a more equitable and balanced approach to the proposed rate increases.

Respectfully submitted,
Hector Siqueiros
