Subject: Water rate increase.

Very concern about the water rate increase request from Utilities, Inc. Docket no. 20160101. Don't think that we in Seminole Co. should have large increases to subsidize other people. Please do something about it.

Subject: Water Rate Increase -Seminole County

Please accept this email to formally request that you not increase my and my HOA's water rates by 130% as you are currently recommending. This is an absurd rate increase. While some **small** rate increase may be warranted, it should be incrementally instituted. The fact that we do not have a choice in our water provider allows the utility to basically do whatever they want in terms of rate. You are the last line of defense that the consumer has, and we expect you to operate in the best interest of the consumer. I cannot fathom how more than doubling my water rate is in my best interest. It will not increase the quality of my water by 130%, it will only help my providers bottom line.

Thank you,

Brian Tomlinson, CIC, CPIA

Subject: Seminole County Water Increase

Hi,
I am a Sweetwater Oaks resident and I was made aware of the proposed bill to increase water cost by 130%.
Please vote NO to the Seminole county water increase.

Thank you,
Jake

Subject: Utilities Inc of Florida is requesting a 130% increase in water rates

Good day,

I am a Seminole County Resident and a Utilities inc Customer. I am just appalled and disgusted that PSC and Seminole county is even in considering this kind of increase from Utilities Inc. What kind of Business asks or needs this kind of increase. My average water bill is \$45-55 a month, this will increase to well over \$110 a month alone with an increase of my homeowners fee.

I can understand if capital improvements are needed and possible operating cost, **Utilities inc needs to do these things in phases, as most smart business's do.** I know there are more and more new homes being built in FI and with this Utilities inc will have increased income to cover improvements.

Please Please Please understand we are average work class people and CANNOT take this increase from Utilities inc and afford to live. Utilities inc has a strangle hold on us since we all cannot live without water.

PLEASE DO NOT APPROVE THIS 130% INCREASE.

Sincerely,

John Gerhardt Wekiva Hunt club Resident.
