Subject: Water bill increase

My name is Lindsey Stanley and I am a Sweetwater Oaks resident. Myself, my husband and our two daughters love living where we do and are thankful to be in Seminole County. However, our expenses for living where we do are very high - property taxes, energy bill, cable bill, etc. Our water bill is the only saving grace and we really need to maintain the current affordable rates.

Please, please vote NO on raising water rates. The increase would severely hurt families in our area!

Thank you,
Lindsey Stanley and family
