**Subject:** Seminole County Water Utility Rate Increase

To Whom it may concern,

I am just hearing about a possible 130% utility rate increase for Seminole County residents. This type of increase is outrageous and I cannot believe that the only way that we were communicated about this potential increase was by Facebook and not the county. Please do what you can to not have this increase approved as this could be a huge hardship for many of the Seminole County residents.

Regards,

*Holly Kroll*

**Subject:** Utilites Inc rate increase for Seminole County

To Whom It May Concern:

As a homeowner off of Wekiva Springs Rd in Seminole County I am deeply disturbed by amount of increase being proposed to our water bill. I understand that from time to time adjustments need to be made but the proposed rate hike seems egregious to me. Thank you for taking the time to listen.

sincerely,

Thomas B. Long IV

**Sent:** Wednesday, August 02, 2017 11:25 AM  
**To:** Records Clerk; Consumer Contact  
**Subject:** Utilities Inc. Rate Increase

To Whom It May Concern,

I am very opposed to the purposed rate increase for Seminole county utilities. The increase is a suggested 130% which is outrageous! People in Seminole county can't afford this type of increase to their person bills and business bills. This will cause an increase in such things as HOA payments, businesses increasing pricing etc... Please do not allow this increase to happen or it will cause people to move and housing prices to go down! This is going to have a butterfly effect that will cause Seminole county residents to suffer. I beg you to not allow this to happen to us!!!

Thanks!
