C. STATEMENT OF BASIC POSITION

The utilities have the burden of proof to justify and support the recovery of costs and their proposal(s) seeking the Commission's adoption of policy statements (whether new or changed) or

other affirmative relief sought, regardless of whether the Interveners provide evidence to the contrary. Regardless of whether the Commission has previously approved a program as meeting the Commission's requirements, the utilities must still meet their burden of demonstrating that the costs submitted for final recovery meet the statutory test(s) and are reasonable in amount and prudently incurred.
