

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name :

Electric Utility Provider : FPL

Zip Code : 33411

Category : Power restoration time

Comments : We lost power during Hurricane Irma for about a day and a half and it was a reasonable time for a major storm. Great info and military-like preparation before the storm and great response after the storm. It was good to know that FPL was prepared with a plan for a major storm and to manage people's expectations for storm response and power restoration.
