

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Mary Wilson

Electric Utility Provider : FPL

Zip Code : 34103

Category : Power restoration time

Comments : It took 7 days to restore electricity, too long, in my estimation. And, the fact that the electrical grid is so vulnerable is of great concern. FPL has promised and failed to strengthen the grid while, at the same time, fighting the public's attempts to provide their own power sources, like solar power. This is a greedy, private utility that needs to be held accountable.
