**Re: Docket No. 20160220 – WS- Application for original water and wastewater certificates in Sumter County, by South Sumter Utility Company, LLC.**

Dear Mr. Friedman:

Staff has reviewed South Sumter Utility Company, LLC's petition to establish rates and charges. After reviewing this information we find the petition to be deficient. The specific deficiency is identified as:

**Capital Structure.** Rule 25-30.033(1)(p)3., F.A.C., requires the applicant to provide a schedule showing the projected capital structure including the methods of financing the construction and operation of the utility until the utility reaches 80 percent of the design capacity of the system. Please provide the aforementioned schedule pursuant to Rule 25-30.033(1)(p)3., F.A.C.

We will be unable to proceed with the rate setting process until the deficiency identified in this letter has been corrected. This correction should be submitted as soon as possible, but no later than December 6, 2017, to the following address:
