## FLORIDA POWER & LIGHT COMPANY'S SECOND REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION OF AUDIT PA-13-01-001 WORK PAPERS

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") requests continued confidential classification of certain material provided to the Staff of the Florida Public Service Commission ("Staff") pursuant to Audit Control No. PA-13-01-001 ("the Audit") and reflected in Staff's work papers. In support of its request, FPL states as follows:

- 1. On November 6, 2015, in Docket No. 150009-EI, FPL filed its First Request for Extension of Confidential Classification of the Audit work papers (Confidential Document No. 05293-13). FPL's request was granted by Order No. PSC-16-0237-CFO-EI, issued June 15, 2016. The period of confidential treatment granted by Order No. PSC-16-0237-CFO-EI will soon expire. FPL has reviewed the confidential documents and determined that all the information that was the subject of Order No. PSC-16-0237-CFO-EI warrants continued treatment as proprietary and confidential business information within the meaning of Section 366.093(3), Florida Statutes. Accordingly, FPL hereby submits its Second Request for Extension of Confidential Classification. Exhibits A and B from FPL's September 6, 2013 filing are incorporated herein by reference. Included herewith are Second Revised Exhibits C and D.
- 2. Revised Exhibit C is a table containing the specific line, column and page references to the confidential information, and references to the specific statutory basis or bases for the claim of confidentiality and to the declaration in support of the continued confidential classification. Second Revised Exhibit C is revised only to identify a new affiant. Second

Revised Exhibit D includes the declarations of Brenda Thompson, Stephanie Castaneda, Antonio Maceo, and James Voorhees in support of FPL's request.

- 3. The information that was granted confidential treatment by Order No. PSC-16-0237-CFO-EI continues to be confidential business information within the meaning of Section 366.093(3), Florida Statutes. This information is intended to be and is treated by FPL as private in that the disclosure of the information would cause harm to customers or FPL's business operations, and its confidentiality has been maintained. Pursuant to Section 366.093, such information is entitled to confidential treatment and it is exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.
- 4. As the declarations included in Second Revised Exhibit D indicate, the information included in Exhibit A continues to be proprietary, confidential business information. Certain information contained in the Audit work papers is information related to reports of internal auditors. This information is protected by Section 366.093(3)(b), Florida Statutes. The work papers also contain information related to bids or contractual data, such as pricing or other terms, the public disclosure of which would violate nondisclosure provisions of FPL's contracts with certain vendors and impair FPL's ability to contract for goods or services on favorable terms in the future. Such information is protected from public disclosure by Section 366.093(3)(d), Florida Statutes. The work papers also include competitively sensitive information which, if disclosed, could impair the competitive interests of the provider of the information. Such information is protected from public disclosure by Section 366.093(3)(e),

Florida Statutes. Finally, certain information relates to FPL's Employee Concerns Program ("ECP"), the disclosure of which would affect FPL's competitive interests by impairing the effectiveness of the program itself. It also relates to employee personnel information unrelated to compensation, duties, qualifications, and responsibilities. Accordingly, the ECP information is protected from public disclosure by Sections 366.093(3)(e) and (f), Florida Statutes.

- 5. Nothing has changed since the issuance of Order No. PSC-16-0237-CFO-EI to render the confidential information stale or public, such that continued confidential treatment would not be appropriate.
- 6. Upon a finding by the Commission that the information referenced in Revised Exhibit C continues to be proprietary confidential business information, the information should not be declassified for a period of at least an additional eighteen (18) months and should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business. See § 366.093(4), Fla. Stat.

WHEREFORE, for the above and foregoing reasons, as supported by the materials and declarations included herewith, Florida Power & Light Company respectfully requests that its Second Request for Extension of Confidential Classification be granted.

Respectfully submitted,

Kevin I.C. Donaldson Senior Attorney Florida Power & Light Company 700 Universe Boulevard Juno Beach, FL 33408 Telephone: (561) 304-5170 Facsimile: (561) 691-7135

BEFORE ME, the undersigned authority, personally appeared Antonio Maceo who, being first duly sworn, deposes and says:

- 1. My name is Antonio Maceo. I am currently employed by Florida Power & Light Company ("FPL") as Manager of Auditing. I have personal knowledge of the matters stated in this declaration.
- 2. I have reviewed the documents that are the subject of FPL's Second Request for Extension of Confidential Classification of Audit PA-13-01-001 Work Papers, for which I am identified on Second Revised Exhibit C as the declarant. Full and frank disclosure of information to the Internal Auditing department is essential for the department to fulfill its role, and the confidential status of internal auditing scope, process, findings, and reports supports such disclosure. The release of information related to reports of internal auditors would be harmful to FPL and its customers because it may affect the effectiveness of the Internal Auditing department itself. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

No significant changes have occurred since the issuance of Order No. PSC-16-0237-CFO-EI to render the information identified in Revised Exhibit C stale or public such that continued confidential treatment would not be appropriate. 1. My name is Stephanie Castaneda. I am currently employed by Florida Power & Light Company ("FPL") as Nuclear Business Operations, Fleet Accounting and Regulatory Compliance. I have personal knowledge of the matters stated in this declaration.
2. I have reviewed the documents that are the subject of FPL's Second Request for Extension of Confidential Classification of Audit PA-13-01-001 Work Papers, for which I am identified on Second Revised Exhibit C as the declarant. The documents and materials that I have reviewed contain proprietary confidential business information, including information concerning bids or contractual data and competitively sensitive data. Disclosure of this information would violate FPL's contracts with its vendors, work to the detriment of FPL's competitive interests, impair the competitive interests of its vendors and/or impair FPL's efforts to enter into contracts on commercially favorable terms. To the best of my knowledge, FPL has maintained the confidentiality of these documents and materials.

No significant changes have occurred since the issuance of Order No. PSC-16-0237-CFO-EI to render the information identified in Second Revised Exhibit C stale or public such that continued confidential treatment would not be appropriate. Accordingly, this information should continue to be maintained as confidential for an additional period of not less than eighteen months. These materials should be returned to FPL as soon as the information is no longer necessary for the Commission to conduct its business so that FPL can continue to maintain the confidentiality of these documents.
