Pluris water is a highly expensive poor quality water that is bleaching my pants, bedsheets, towels, bras and underwear. Our Bill is over \$120 each month and now Pluris is asking for an increase to help cover the cost for repairs that should've been done from the start. The water has a foul odor, dries up our skin and leaves a white ashy residue on our skin. I'm disgusted with this water company and as a government employee I don't earn enough to keep up with this overpriced water
