ORDER APPROVING MISCELLANEOUS SERVICE CHARGES

BY THE COMMISSION:

**Background**

Lakeside Waterworks, Inc. (Lakeside or utility) is a Class C water and wastewater utility serving approximately 185 water customers and 171 wastewater customers in Lake County. The utility's 2016 annual report indicates total gross revenues of \$64,036 for water and \$57,680 for wastewater.

On November 14, 2017, the utility filed an application for approval of a tariff amendment to increase miscellaneous service charges in Lake County, which includes tariff sheets reflecting the requested charges. This order addresses the utility's request to increase miscellaneous service charges in Lake County. We have jurisdiction pursuant to Section 367.091, Florida Statutes (F.S).

**Decision**

Lakeside's current miscellaneous service charges were approved in Docket No. 120317-WS.<sup>1</sup> Section 367.091, F.S., authorizes this Commission to change miscellaneous service charges. Lakeside's request to increase its miscellaneous charges was accompanied by its reason for requesting the charges, as well as the cost justification required by Section 367.091 (6), F.S. The cost justification provided by the utility reflects the same labor and transportation costs relied on to set the LP Waterworks, a sister company, miscellaneous service charges.<sup>2</sup> The

calculations for the approved charges for miscellaneous services are shown in Tables 1 through 4. Table 5 displays the utility's current and newly approved miscellaneous service charges rounded up to the nearest tenth.

### **Initial Connection Charge**

The initial connection charge is levied for service initiation at a location where service did not exist previously. A Utility representative makes one trip when performing the service of an initial connection. Based on labor and transportation to and from the service territory, we approve initial connection charges for Lakeside's water and wastewater systems of \$31.10 for normal hours and \$36.20 for after hours. The calculations are shown in Table 1.

**Table 1**  
**Initial Connection Charge Calculation**

Activity	Normal Hours Cost	Activity	After Hours Cost
Administrative Labor (\$28/hr x 1/4 hr)	\$7.00	Administrative Labor (\$28/hr x 1/4 hr)	\$7.00
Field Labor (\$30.42/hr x 1/3 hr)	\$10.14	Field Labor (\$45.63/hr x 1/3 hr)	\$15.21

### **Normal Reconnection Charge**

A normal reconnection charge is levied for the transfer of service subsequent to a customer requested disconnection. A normal reconnection requires two trips, which includes one to turn service on and the other to turn service off. Based on labor and transportation to and from the service territory, we approve normal reconnection charges for Lakeside's water and wastewater systems of \$57.10 for normal hours and \$64.70 for after hours. The calculations are shown in Table 2.

**Table 2**  
**Normal Reconnection Charge Calculation**

Activity	Normal Hours Cost	Activity	After Hours Cost
Administrative Labor (\$28/hr x 1/4hr x 2)	\$14.00	Administrative Labor (\$28/hr x 1/4hr)	\$14.00
Field Labor (\$30.42/hr x 1/4 hr x 2)	\$15.21	Field Labor (\$45.63/hr x 1/4hr x 2)	\$22.82

### **Violation Reconnection Charge**

The violation reconnection charge is levied prior to reconnection of an existing customer after discontinuance of service for cause. The service performed for violation reconnection requires two trips, which includes one trip to turn off service and a subsequent trip to turn on service once the violation has been remedied. Based on labor and transportation to and from the service territory, we approve violation reconnection charges for Lakeside's water system of \$57.10 for normal hours and \$64.70 for after hours. However, for Lakeside's wastewater system, this charge shall remain at actual cost pursuant to Rule 25-30.460(1)(c), F.A.C. The calculations are shown in Table 3.

**Violation Reconnection Charge Calculation**

Activity	Normal Hours Cost	Activity	After Hours Cost
Administrative Labor (\$28/hr x 1/4hr x 2)	\$14.00	Administrative Labor (\$28/hr x 1/4hr x 2)	\$14.00

The premises visit charge is levied when a service representative visits premises at the customer's request for complaint resolution and the problem is found to be the customer's responsibility. In addition, the premises visit charge can be levied when a service representative visits a premises for the purpose of discontinuing service for nonpayment of a due and collectible bill, and does not discontinue service because the customer pays the service representative or otherwise makes satisfactory arrangements to pay the bill. A premises visit requires one trip.

Based on labor and transportation to and from the service territory, we approve a premises visit charge of \$31.10 for normal hours and \$36.20 for after hours. The calculations are shown in Table 4.
