COMPLAINT INFORMATION

Complaint: Other Complaint against Tampa Electric Company

Details:

I see that Tampa Electric Company (TECO) is requesting a rate hike. I am opposed to this hike, TECO is an extremely poor public utility in my opinion, and does not deserve an increase. I have been saying for years that TECO has wasted probably millions of dollars by opening and supporting the Manatee Viewing Center at their Big Bend power plant in Apollo Beach. No admission whatsoever is charged for this center, the cost of running it being foisted on the users of TECO.

I propose that instead of granting TECO the rate hike, TECO should either 1). Charge an admission fee to the visitors to the Manatee Viewing Center, or 2). Close the viewing center completely, and use the moneys saved from doing this instead of further over-charging the customers forced to use TECO.

Sincerely, F.S.Revels, Apollo Beach.
