DOCUMENT NO. 00998-2018
FPSC - COMMISSION CLERK

Docket No. 20170258-EQ – Petition for approval of a standard interconnection agreement for interconnected customer-owned battery subsystems, by Tampa Electric Company.

Issue 1: Should the Commission approve Tampa Electric Company’s petition for a standard interconnection agreement for interconnected customer-owned battery subsystems?

Recommendation: Yes. The Agreements require customers owning and renting battery subsystems to adhere to terms which ensure the safety of the Utility’s personnel. Approval of this petition will not relieve the Utility of any requirements during a future rate case proceeding. Therefore, staff recommends that TECO’s petition for approval of a standard interconnection agreement for interconnected customer-owned battery subsystems should be approved as filed.
