In re: Petition to determine need for Seminole combined cycle facility, by Seminole Electric Cooperative, Inc.

DOCKET NO. 20170266-EC

In re: Joint Petition to determine need for the Shady Hills combined cycle facility, by Seminole Electric Cooperative, Inc. and Shady Hills Energy Center, LLC.

DOCKET NO. 20170267-EC

DATED: February 16, 2018

RECEIVED-PPSC  
2018 FEB 16 PM 4:05  
COMMISSION CLERK

**SEMINOLE ELECTRIC COOPERATIVE'S  
SECOND REQUEST FOR CONFIDENTIAL CLASSIFICATION**

Seminole Electric Cooperative, Inc. ("Seminole") pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), submits this Second Request for Confidential Classification of certain information provided in its responses to Staff's First Set of Interrogatories (Nos. 1-34) and documents produced in response to Staff's First Request for Production (Nos. 1-19).

1. On January 29, 2018, SECI responded to Staff's First Set of Interrogatories and First Request for Production of Documents. Certain confidential information was submitted with a Notice of Intent to Request Confidential Classification pursuant to Rule 25-22.006, Florida Administrative Code.

2. The following exhibits are included with this request:

(a) Exhibit A is a package containing redacted versions of the documents for which Seminole requests confidential classification. The specific information for which confidential treatment is requested has been blocked out by opaque marker or other means.

- COM \_\_\_\_\_
- AFD \_\_\_\_\_
- APA \_\_\_\_\_
- ECO \_\_\_\_\_
- ENG \_\_\_\_\_
- GCL \_\_\_\_\_
- IDM \_\_\_\_\_
- CLK \_\_\_\_\_

*1 redacted disc*

(b) Exhibit B is a package containing un-redacted copies of the documents for which Seminole seeks confidential treatment. Exhibit B is being submitted separately in a sealed envelope labeled "CONFIDENTIAL." In the un-redacted version, the information asserted to be confidential is highlighted in yellow.

2. The Responses to Interrogatory Nos. 6, 18, and 33 contain information related to bids or other contractual data related to a Request for Proposal ("RFP") that Seminole issued for generating capacity. The disclosure of which would impair the efforts of Seminole to contract for goods or services on favorable terms. *See* Section 366.093(3)(d), F.S. The purpose of Seminole's RFP was to obtain potentially favorable contract terms for alternatives required to meet the reliability needs of Seminole and its Members. Without assurances that the terms of the bids received will not be publicly disclosed, potential bidders might withhold sensitive engineering, construction, cost, or other information necessary for Seminole to understand and assess the costs and benefits of their proposals. Further, without assurances of non-disclosure, potential bidders might choose not to respond to RFPs that Seminole may issue in the future. In either case, Seminole's efforts to contract for goods and services on favorable terms would be impaired by disclosure of the information deemed confidential by bidders. Accordingly, the information identified in Attachment A qualifies for confidential classification under Section 366.093(3)(d), Florida Statutes. Likewise, the information relates to competitive business interests, the disclosure of which would impair the competitive business of the bidders who provided the information to Seminole. As

such, the information also qualifies for confidential classification under Section 366.093(3)(e), Florida Statutes.

3. Certain documents responsive to Staff's First Request for Production also provide data that is confidential for the following reasons:

- a. Some documents produced in response to Request Nos. 11, 13 and 18 contain end-user data that, if released, could "cause harm to the ratepayers." §366.093(3), Fla. Stat. This data relates to commercial and industrial load profiles, the release of which could harm the competitive interests of these end-users.
- b. Some documents produced in response to Request Nos. 6, 10, 11, and 13 contain "[i]nformation relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information." §366.093(3)(e), Fla. Stat. This information includes Seminole wholesale pricing data, the release of which could impair Seminole's ability to competitively bid in the wholesale market. This information also includes Member data such as energy charges, member energy purchases, and the actual and forecasted numbers of member-consumers. Seminole keeps such Member data confidential to protect Members' competitive interests.
- c. Some of these documents contain data provided by Moody's Analytics to SECI. The contract between SECI and Moody's Analytics bars SECI from sharing this data with third parties other than Intervenors and

the Florida Public Service Commission and Staff. Release of this data “would cause harm to [SECI’s] business operations...” §366.093(3), Fla. Stat. Moreover, without assurances that such data will remain confidential, potential suppliers may not be willing to contract with Seminole to provide such data in the future.

- d. Certain documents provided in response to Request Nos. 11-13 contain information regarding confidential, ongoing negotiations with third parties regarding changes in transmission service. The disclosure of this information would impair the efforts of Seminole to contract for goods or services on favorable terms because, without assurances that terms under negotiation remain confidential, potential counterparties will be unwilling to enter into negotiations with Seminole. *See* Section 366.093(3)(d), F.S.

Accordingly, these categories of data qualify for confidential classification under §366.093(3), Florida Statutes.

4. Attachment 1 to this Request is a matrix identifying specific information within these responses and documents which are considered confidential, along with the specific statutory justification for seeking confidential classification.

5. The information for which Seminole seeks confidential treatment is intended to be and is treated as confidential by Seminole. The information has not been disclosed to the public.

6. Seminole requests that the information identified above be classified as "proprietary confidential business information" within the meaning of section 366.093(3), F.S., that the information remain confidential for a period of at least 18 months as provided in section 366.093(4), F.S., and that the information be returned as soon as it is no longer necessary for the Commission to conduct its business.

WHEREFORE, for the foregoing reasons, Seminole Electric Cooperative, Inc. respectfully requests that this Second Request for Confidential Classification be granted.

RESPECTFULLY SUBMITTED this 16th day of February, 2018.

HOPPING GREEN & SAMS, P.A.
