

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : linda classon

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 34231

Category : Information provided by electric utility provider prior to the storm

Comments : I would like to see more support for solar in the Sunshine Sunshine state. Solar not only is environmentally friendly, it can create thousands of jobs. It's a national embarrassment that a state that should be leading the country in this technology doesn't even come close. We must stop the electric industry's stranglehold on solar.
