

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Brian Wajda

Electric Utility Provider : EI801 - Duke Energy

Zip Code : 32825

Category : Power restoration time

Comments : In addition to this being a common sense idea to provide power after a storm, it's just the right thing to do. Solar makes so much sense in Florida. Go solar now, before we all install solar ourselves and add Tesla walls to our homes and go off the grid anyway.
