

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Sergio Solis

Electric Utility Provider : EI802 - Florida Power & Light Company

Zip Code : 33165

Category : Other

Comments : All privately-"owned"/possessed utilities have to be owned, not possessed, by the United States federal government - no exceptions! That is the best and only way to drastically lower the electrical costs to each American. The United States federal government has to pass - not should - a law for this to take place as soon as possible.
