

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Kim Ross

Electric Utility Provider : EM879 - City of Tallahassee

Zip Code : 32308

Category : Power restoration time

Comments : As you move forward in your deliberations, please consider solar and other forms of renewable energy, along with backup battery technology, as an option.. Please do not write into rule requirements for fossil fuel related generation, but rather, consider timing of backup generation and other types of more general requirements, so that these rules dont become antiquated as technology improves and cots for such technology come down.
