

Review of Electric Utility Hurricane Preparedness and Restoration Actions

Docket No : 20170215-EU

Name : Arthur Doyle

Electric Utility Provider : EI803 - Florida Public Utilities Company

Zip Code : 33764

Category : Other

Comments : Dear Commissioners;

I am a home owner in Pinellas County Florida; near Clearwater.

The local cable company, Spectrum, has cable lines in the "public right-of way" which they do not maintain.

During the last hurricane, my house was without cable (therefore no internet, no phone) because they do not maintain their overhead cables

in the R.O.W.

We now once again have tree limbs in the right-of-way that are rubbing against Spectrum cable lines. They refuse to take care of them. Once we have high winds this summer, this neighborhood will be in trouble again.
