Ms. Carlotta Stauffer, Commission Clerk  
Florida Public Service Commission  
2540 Shumard Oak Boulevard  
Tallahassee FL 32399-0850

RE: Docket No. 20170141-SU - Application for increase in wastewater rates in Monroe County by K W Resort Utilities Corp.

Dear Ms. Stauffer:

Please place the following corrected Exhibit ATW-3 with revised header into the docket file. Exhibit ATW-3, originally attached to OPC witness Woodcock's testimony filed on March 14, 2018, was inadvertently mislabeled as ATW-2. If you have any questions, please let me know.

Sincerely,

  
Erik L. Saylor  
Associate Public Counsel

## Water and Wastewater Equipment and Installation

Florida Environmental Construction is owned and operated by Robert Lightsey a Florida licensed contractor specializing in the Water and Wastewater Industry . We are fully bonded and insured with years of experience working for both public and private municipalities. Being a small company in this specialized construction industry FEC has relied on its reputation to provide quality work, excellent customer service and industry knowledge to stay among the top rated water and wastewater contractors in Florida. Since 1990 we have strived to be recognized not for the size or scope of the project but for the overall satisfaction of our clients.

## Services

FEC provides general contracting services for new construction, upgrades, rehabilitation or maintenance of water and wastewater treatment plants throughout the state of Florida.

With 30+ years of experience in the water and wastewater industry we have successfully completed all different types of projects from very simple maintenance or repair projects to multi-million dollar projects.

In recent years we have specialized in ground storage tank sales and installation. Being both a distributor and an installer gives our customer the advantage of having only one point of contact from product purchase all the way through the warranty period.

Our services include but are not limited to the following:

- Pumps, motors and blowers

- Ground storage tanks (Potable Water, Reclaimed Water & Wastewater)

- Piping

- Electric & controls

- Sitework
