Re: Docket No. 20180131-WS - Application for amendment of water and wastewater Certificate Nos. 669-W and 571-S, to extend service area to include certain additional land in Lake and Sumter counties, by South Sumter Utility Company, LLC.

Dear Mr. Friedman:

Please provide the additional information requested below regarding South Sumter Utility Company, LLC (SSU or Utility) by September 21, 2018.

1. On page 4 of the Application, SSU states that it is anticipated that at some point in the future a portion of the new service area will be serviced through a second water treatment plant (WTP).
 - a. When is the Utility anticipating the second WTP will be built and brought online?
 - b. How will the Utility finance the second WTP?
2. In Exhibit M of the Application, SSU states it is constructing a new potable water treatment facility to serve the proposed territory and will be conveyed to the City of Wildwood. Is the Utility referring to the water treatment facility that was discussed in Order No. PSC-2018-0271-PAA-WS, or is this in reference to the second WTP included on page 4 of the Application?

Please contact me by phone at (850) 413-6952 or by email at mwatts@psc.state.fl.us, if you have any questions.

Sincerely,

A handwritten signature in blue ink that reads "Melinda Watts".
