Subject: FPL Sale

Dear Sirs:

Please approve the sale of FPL to the 34,000 rate payers of Indian River County, who have been under the unfair burden of Vero Beach Electric for many years. We have been forced to support the high rates Vero Electric without any vote in this matter. It's estimated that \$2 million per month from the non-city rate payers go into the general fund of the city, which has a bloated bureaucracy. The citizens most affected are the low income families forced to pay the high rates. In all fairness, this is a terribly unfair situation. Please approve the sale of FPL to Indian River County.

Bart McDonnell
