Please push for the sale of Vero Power to FPL, as negotiated. Unincorporated Indian River County customers of Vero Power have been paying way to much, for way too long for our electric power, while friends and neighbors close by, have enjoyed the lower rates of FPL

Gentlemen...This e mail is being sent with a strong level of frustration. I relocated to Vero Beach 5 yrs ago with the understanding that there was a sale pending from Vero Electric to F P L. It's amazing that this negotiation is still not resolved  
It's rather disappointing that at the 11 th hour your client has been able to halt and possibly derail this sale.  
The customers of Vero Electric very much want this sale and be afforded the monies saved with F P L just as your clients are saving. We are working people and many retired with fixed incomes. This sale will not only add monies to our budget but also avail us to spend some locally so as to improve the business district of Vero Beach.  
I am respectfully asking that you please revisit this situation and afford us residents the electric company we deserve.  
Sincerely ,  
Al Petrucci

**Subject:** Vero Beach Electric Sale

I am one of the Vero Beach electric customers who want the better rates and service that Florida Power and Light will offer. The Florida Industrial Power Users Group (FIPUG) has protested the Florida Public Service Commission's (PSC) approval.

Many of FIPUG's members already enjoy the benefits of being an FPL customer, and their protest is costing Vero Electric customers \$2 million per month.

I am requesting that you APPROVE THE SALE AS NEGOTIATED.

Dear Chairman Graham, Commissioners and Clerk:

PLEASE approve the sale of the Vero Beach Electric to Florida Power and Light as originally negotiated and approved. The residents of the City of Vero Beach and the many residents of Indian River County who have Vero Beach Electric without choice have been searching for a way to sell this utility for the past 10 years. PLEASE let this sale go through for the benefit of all of us.
