THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

25-6.003 Definitions.

(1) ~~(1)~~ Definitions of general applicability.

The definitions of terms in sections (2) and (3) below shall be used for all purposes in Chapter 25-6, except for (a) rules that contain an alternate definition in which case the definition within the rule shall control; and (b) cases where the context clearly requires otherwise. Guide to finding definitions of terms in Chapter 25-6, F.A.C.

The definitions of terms used in this chapter are found in several sources, as follows:

(a) Definitions are stated directly in Rules ~~25-6.003, 25-6.0426, 25-6.04365, 25-6.0438, 25-6.0439, 25-6.044, 25-6.064, 25-6.075, and 25-6.1351;~~

(b) Rules ~~25-6.014, 25-6.0142, 25-6.034, and 25-6.0345~~ refer to national codes for definitions; and;

(c) For terms that are not defined in the rules listed in paragraphs (a) or (b), the definitions shall be as stated in the The Authoritative Dictionary of IEEE Standard Terms, also referred to as the IEEE 100. Unless otherwise defined in Rule 25-6.003, F.A.C., below, Rule 25-6.075, F.A.C., or in adopted national codes, pursuant to Rule 25-6.034, F.A.C., the definition of the terms used in Chapter 25-6, F.A.C., shall be as stated in the IEEE Dictionary of Electrical and Electronic terms.

(2) Definitions of terms

(a) ~~(1)~~ "Commission." Unless a different intent clearly appears from the context, the word "Commission" shall be construed to mean the Florida Public Service Commission.

(b)(2) "Customer." Any person, firm, partnership, company, corporation, association, governmental agency or similar organization, who makes application for and is supplied with electric service by the utility for its ultimate use and not for use by, to, or through any other person or entity unless specifically authorized by the Commission.

(c)(3) "Customer's Installation." Wires, enclosures, switches, appliances, and other apparatus, including the service entrance and service equipment, forming the customer's facilities utilizing service for any purpose on the customer's side of the point of delivery.

(d)(4) "Meter." The word "meter," when used in these rules without other qualification, shall be construed to mean any device used for the purpose of measuring the service rendered to a customer by a utility.

(e)(5) "Point of Delivery." The first point of attachment where the utility's service drop or service lateral is connected to the customer's service entrance conductors either at a riser, in a terminal box, or meter or other enclosure inside or outside the building wall.

(f)(6) "Service." The supply by the utility of electricity to the customer, including the readiness to serve and availability of electrical energy at the customer's point of delivery at the standard available voltage and frequency whether or not utilized by the customer.

(g)(7) "Service Conductors." The overhead conductors from the last pole or other aerial support to the point of delivery including the splices, if any, connecting the service drop to the service entrance conductors.

(h)(8) "Service Drop." The overhead service conductors from the last pole or other aerial support to and including the splices, if any, connecting to the service entrance conductors at the building or other structure.

(i)(9) "Service-Entrance Conductors, Underground System." The service conductors between the terminals of the service equipment and the point of connection of the service lateral.

(j)(10) "Service Equipment." The customer's equipment, usually consisting of circuit-breaker or switch and fuses, and their accessories, connected to the supply conductors of a building.

(k)(11) "Service Lateral." The underground conductors between the transformer(s) or transformer secondary, including any risers at a pole or other structure, and the point of delivery.

(l)(12) "Utility." Unless a different intent clearly appears from the context, the word or words "utility" or "electric utility" as used in these rules shall have the same meaning as set out for "public utility" in Section 366.02, F.S., and shall include all such utilities subject to Commission jurisdiction.

(3) For terms that are not defined within section (2) above, the definitions shall be as stated in The Authoritative Dictionary of IEEE Standard Terms, as may be revised from time to time.

Specific Authority: 366.05(1) FS.

Law Implemented: 366.05(1) FS.

FROM: Division of Economic Regulation (Hewitt) *BT* *ca* *JDS*
RE: Statement of Estimated Regulatory Costs for Proposed Amendment to Rule 25-6.003, F.A.C., Definitions *TRJ*

Rule 25-6.003, F.A.C., provides the definitions for the rules concerning the provision of electrical service by regulated electrical utilities, as well as references to national electrical codes.

Proposed Amendments to Rule 25-6.003 would streamline and clarify the definitions section and update the reference to the national IEEE standards.

The Administrative Procedures Act encourages an agency to prepare a Statement of Estimated Regulatory Costs (SERC). However, there should be minimal costs and no significant negative impacts on utilities, small businesses, small cities, or small counties. Therefore, a SERC will not be prepared for the proposed rule amendment at this time.

Re: Public Service Commission Rule 25-6.003

Dear Ms. Stern:

I have completed a review of rule 25-6.003 and prepared the following comments for your consideration and response.

25-6.003

The rule provides that with certain exceptions, the definitions of terms in chapter 25-6 are as set forth in the Authoritative Dictionary of IEEE Standard Terms, 7th ed., December 2000. Thus, the rule declares the Commission's generally applicable policy to incorporate such definitions. This brings the dictionary under the definition of a "rule" in section 120.52(15), F.S. The dictionary should be incorporated by reference.

In addition, the notice of proposed rulemaking, published on September 5th, referred to the wrong date (May 9, 2003) when rule development was noticed. The correct date is May 16, 2003. A correction should be published.

I am available at your convenience to discuss the foregoing comments.

Sincerely,

A handwritten signature in black ink, appearing to read "John Rosner".

John Rosner
Chief Attorney

Tallahassee, FL 32399-1300

Re: Rule 25-6.003, F.A.C.

Dear Mr. Rosner:

This letter is in response to your letter dated October 2, 2003, recommending that the dictionary referred to in the above rule be incorporated by reference, and that a notice correcting the date of publication of the rule development notice be published. The enclosed corrected notice was published in the October 24, 2003, edition of the Florida Administrative Weekly. As to the dictionary, you agreed that adding the words "incorporated herein by reference" is a technical change. That change has been made and a copy is enclosed.

After you have reviewed the enclosed copy of the Authoritative Dictionary of IEEE Standard Terms, please return it to me so that we may include it when we file the rule for adoption on Friday, November 7, 2003. If you will call Mary Diskerud at 413-6090, we will arrange to pick up the book.

Sincerely,

A handwritten signature in cursive script that reads "Christiana T. Moore".

Christiana T. Moore
Associate General Counsel

1 **25-6.003 Definitions.**

2 (1) Definitions of general applicability.

3 The definitions of terms used in this chapter shall be as stated
4 in the Authoritative Dictionary of IEEE Standard Terms, 7th
5 edition, published in December 2000, incorporated herein by
6 reference, except to the extent and for the purposes that the
7 terms are defined elsewhere in this chapter. The definitions in
8 Section(2) shall be used for all purposes in this chapter.

9 ~~Unless otherwise defined in Rule 25-6.003, F.A.C., below, Rule~~
10 ~~25-6.075, F.A.C., or in adopted national codes, pursuant to Rule~~
11 ~~25-6.034, F.A.C., the definition of the terms used in Chapter 25-~~
12 ~~6, F.A.C., shall be as stated in the IEEE Dictionary of~~
13 ~~Electrical and Electronic terms.~~

14 (2) Definitions of terms.

15 (a)(1) "Commission." Unless a different intent clearly appears
16 from the context, the word "Commission" shall be construed to
17 mean the Florida Public Service Commission.

18 (b)(2) "Customer." Any person, firm, partnership, company,
19 corporation, association, governmental agency or similar
20 organization, who makes application for and is supplied with
21 electric service by the utility for its ultimate use and not for
22 use by, to, or through any other person or entity unless
23 specifically authorized by the Commission.

24 ~~(3) "Customer's Installation." Wires, enclosures, switches,~~
25 ~~appliances, and other apparatus, including the service entrance~~

CODING: Words underlined are additions; words in ~~struck~~
through type are deletions from existing law.

1 ~~and service equipment, forming the customer's facilities~~
2 ~~utilizing service for any purpose on the customer's side of the~~
3 ~~point of delivery.~~

4 (c)(4) "Meter." The word "meter," when used in these rules
5 without other qualification, shall be construed to mean any
6 device used for the purpose of measuring the service rendered to
7 a customer by a utility.

8 (d)(5) "Point of Delivery." The first point of connection
9 between the facilities of the serving utility and the premises
10 wiring. ~~first point of attachment where the utility's service~~
11 ~~drop or service lateral is connected to the customer's service~~
12 ~~entrance conductors either at a riser, in a terminal box, or~~
13 ~~meter or other enclosure inside or outside the building wall.~~

14 (e)(6) "Service." The supply by the utility of electricity to
15 the customer, including the readiness to serve and availability
16 of electrical energy at the customer's point of delivery at the
17 standard available voltage and frequency whether or not utilized
18 by the customer.

19 ~~(7)~~ "Service Conductors." ~~The overhead conductors from the last~~
20 ~~pole or other aerial support to the point of delivery including~~
21 ~~the splices, if any, connecting the service drop to the service~~
22 ~~entrance conductors.~~

23 (f)(8) "Service Drop." The overhead service conductors from
24 the last pole or other aerial support to and including the
25 splices, if any, connecting to the service entrance conductors at

CODING: Words underlined are additions; words in ~~struck~~
~~through~~ type are deletions from existing law.

1 | the building or other structure.
2 | ~~(9) "Service Entrance Conductors, Underground System." The~~
3 | ~~service conductors between the terminals of the service equipment~~
4 | ~~and the point of connection of the service lateral.~~

5 | ~~(10) "Service Equipment." The customer's equipment, usually~~
6 | ~~consisting of circuit breaker or switch and fuses, and their~~
7 | ~~accessories, connected to the supply conductors of a building.~~

8 | (g)~~(11)~~ "Service Lateral." The underground conductors between
9 | the transformer(s) or transformer secondary, including any risers
10 | at a pole or other structure, and the point of delivery.

11 | (h)~~(12)~~ "Utility." Unless a different intent clearly appears
12 | from the context, the word or words "utility" or "electric
13 | utility" as used in these rules shall have the same meaning as
14 | set out for "public utility" in Section 366.02, F.S., and shall
15 | include all such utilities subject to Commission jurisdiction.
