Thank you so much for your help on this! We will change the suffix from EG to GU per the information below.

GU since they are a gas utility.

Subject: FW: Docket 20180186
Importance: High

Good morning, Tom and Judy,

This is a follow-up to our conversation from yesterday about the new conservation Docket 20180186. We entered it with the suffix "EG" for "Energy Conservation." However, PGS/Brown called today and said it should be "GU" (I suppose because the company code is GU608 and they are a gas utility). Should the suffix remain EG or be changed to GU? Thank you for your help!

Dorothy
