Subject: RE: FW: Country Walk - DBP's

Good Afternoon Mr. Lewis,

There was no signed consent order with the facility. However, since the installation of the new treatment and the facility qualifying to go from quarterly monitoring to annual monitoring for Disinfection By-Products . The facility has returned to compliance. Please let me know if you have any questions.

Thank you

Ryan Snyder

Mr. Snyder,
Mr. Price,
Ms. Baron,

Per the email train below, can you confirm that Country Walk is in compliance with all DEP regulations and all Consent Orders have been resolved?

Thank you,

Clayton K. Lewis

Just got this in from Troy Re: Country Walk's DEP Compliance. Tom is going to discuss its implications with Mark and, since I'll be out of the office all next week, someone should follow up with you sometime next week as to what, if anything, is going to happen in regards to our recommendation.

Please see the e-mail below from Patty Baron from FDEP. I plan to discuss this at the agenda. We are no longer on quarterly monitoring and we are in full compliance with FDEP. I believe the Quality of Service should be satisfactory. There are no longer any compliance issues.

In addition, both FDEP and FRWA went out a few weeks back in response to Mr. Ballard's complaints to them. They found that we are doing everything correctly and there are no issues. They are drafting a letter to indicate that we are doing everything correctly and there are no issues in Country Walk. We've been asking them for the letter but it is still being reviewed by the management.

The person at FDEP is :

Good Morning,

Could you send me an email (for document purpose) that you approved Country Walk, PWS# 628-4114 Stage II DBP's are now annual?

And also the reason why.

Please respond to all.

Thanks
