Dear Public Service Commission PSC,

As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

I am on a fixed income. If you raise my rates I will not be able to pay my electric bill except in portions. I don't appreciate any extra charges in my life at the present moment I have enough going on as it

is. Thank you very much, Mrs Donna Allred docket# 201900038.

Sincerely,

Mrs. Donna Allred
