Dear Public Service Commission PSC,,

I cannot stand for another rate increase. My power bill is about to breach the \$300 a month threshold. I live in a tiny 1200 sq ft home! This is an outright price gouge! Stop spending so much on you ceo's and give us a break. As a Floridian age 50+, we are coping with skyrocketing healthcare and housing prices with minimal increases in Social Security. An increase on our monthly power bill adds up for people, like myself, who are on a limited or fixed income.

Increasing our rates will only damage Florida communities by making it harder for people to afford daily living necessities.

Sincerely,

Mr. Anthony Congiundi
