Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 65.I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Shareholders deserve to profit by the tax cut EQUALLY with customers.

Fair is fair. With non-fuel costs added many electric bills are disproportionately large. Remove non-fuel charges and tax them where they belong, not hidden in electric billing and share windfall tax breaks. We all share in rate increases when there is a disaster.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Eric Gruenwald
