Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As with so many Floridians who are on fixed incomes and in (or facing) retirement, every dollar counts. Several power companies have proudly shared the benefits from the Trump Administration tax cuts with their customers, not just their shareholders.

We expect nothing less of FPL.

Compared with other states, FPL's kwh rates are admirable, most likely due to good management and smart investments. However, that shouldn't preclude your customers receiving at least part of the windfall that came from the tax cuts.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Ms. Sharon O'Day
