Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am 76 years old and for the first time in my life, I am living alone. As with everything else, costs are going up and it is difficult to make ends meet. I was surprised when it was brought to my attention that FPL has the opportunity to share its new windfall tax cut with its customers and has not done so, especially its senior citizens who, I'm sure, make up a great deal of its customers.

Please reconsider your decision with this and consider your loyal customers.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mrs. Yvonne Fitzsimmons
