Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 70+, I live on a fixed income. My electric bill averages at \$70 per month. With a reduction in rates I could eliminate a total months charges on an annual basis.

I understand Florida Power & Light is receiving a massive tax cut and is passing those savings to shareholders rather than to its customers. Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Please vote in favor of FPL reducing their rates instead of giving to its shareholders.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Michael Freudenburg
