Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

I am very familiar with corporate Greed -- worked in the corporate world for many years. While I don't deny that corporations deserve to make reasonable profits and compensate their investors accordingly, FPL, its leadership and the PSC are looking like greedy gluttons.

Somebody has to stand up and "do the right thing" and it must be the PSC. So, PSC, get off your butts and do your job of regulating rates for the people of Florida.

And, don't tell me that the tax cut was an "extraordinary event" and rates shouldn't be subject to such event. It doesn't work that way when FPL has extraordinary expenses from Hurricanes, etc. The truth is that the rates are raised and NEVER come back down.

PSC -- no is the time to do your job on behalf of the people of Florida.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Bill Farris
