FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

Our power bills have included charges for building nuclear plants that have yet to be built!

Count me as ANOTHER Florida senior citizen who is angry at the lack of oversight in how FPL is allowed to receive special tax considerations without passing any of those benefits to its customers.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.  
We need lower rates, now!

Sincerely,

Ms. Barbara Huck
