Public Service Commission PSC, PSC,
FL

Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As a Floridian age 50+, I'm fed up that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders.

Customers across the U.S. have enjoyed lower bills as a result of a tax savings. We should too.

These are troubling times for American taxpayers and it seems that the financial windfall, in terms of tax breaks, is benefiting the major companies, such as FPL.

It is time that the taxpayers share the profit by enjoying reduction in our monthly bills.

It is time that FPL play the game by the rules...customers first.

Donald Maroun

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Donald maroun
