Dear Public Service Commission PSC,,

Florida Power & Light gets a \$649.6 million tax cut and wants to reward its investors, not its customers?

I've had enough of FPL's corporate greed and I deserve lower electric rates.

As an older Floridian, I'm angered that Florida Power & Light is getting a massive tax cut and is passing those savings to shareholders and not to its customers, unlike other utilities in Florida and across the nation.

In addition to seniors on fixed incomes, too many Floridians of all ages are struggling financially to make ends meet, Even a small rate reduction (AARP estimates \$6/month) would mean a lot to many families.

Please require FPL to share their windfall with its customers.

With skyrocketing healthcare, housing prices and minimal increases in Social Security, a decrease in monthly bills add up for people like me.

We need lower rates, now!

Sincerely,

Mr. Kenneth Reinhardt
