Re: Docket 20190081-EI - Petition for Approval of 2019 Revisions to Florida Power & Light Company's Underground Residential and Commercial Differential Tariffs – FPL's Amended Response to Staff's First Data Request No. 6

Dear Mr. Teitzman:

Enclosed for filing please find Florida Power and Light Company's ("FPL") Amended Response to Staff's First Data Request No. 6. FPL's Amended Response to Staff's First Data Request No. 6 includes an Excel attachment which is too large to include with this filing. FPL will serve a copy of the Excel file in native format upon Staff via electronic mail.

Please contact me at (561) 691-2512 should you or your Staff have any questions or concerns regarding this filing.

Sincerely,

/s/Kenneth M. Rubin
Kenneth M. Rubin

Enclosure

Cc: Walt Trierweiler, Esq. with enclosure and Excel file

Florida Power & Light Company
Docket No: 20190081-EI
Staffs First Data Request Amended
Request No: 1.6

QUESTION:

Please refer to Appendix 4, Operational Costs Differential for High Density, Low Density, and Meter Pedestal. Provide the excel spreadsheet, with formulas intact, for each.

AMENDED RESPONSE: (do not edit or delete this line or anything above this)

See attached revised excel spreadsheet. The excel spreadsheet provided with this Amended Response is identical to the excel spreadsheet produced with FPL's original response served May 31, 2019, with one exception. On the tab labeled "Summary – URD", the original response provided a Low Density Pre-Operational Cost (at line 27) of \$141.35. The revised excel spreadsheet provided with this amended response shows a corrected entry of \$210.53 at line 27 on the "Summary – URD" tab for the Low Density Pre-Operational Cost.
