Tallahassee, FL 32399-0850

**Re: Docket No. 20190061-EI; In re: Petition for Approval of FPL SolarTogether Program and Tariff, by Florida Power & Light Company**

Dear Mr. Teitzman:

Please find enclosed for filing in the above-referenced case on behalf of Walmart Inc. the Direct Testimony and Exhibit of Steve W. Chriss.

Please contact me if you have any questions concerning this filing.

Sincerely,

*/s/ Stephanie U. Eaton*

**Exhibits**

**Exhibit SWC-1:** Witness Qualifications Statement

1   **Introduction**

2       **Q.     PLEASE STATE YOUR NAME, BUSINESS ADDRESS, AND OCCUPATION.**

3       A.     My name is Steve W. Chriss. My business address is 2001 SE 10th St., Bentonville,  
4             AR 72716-0550. I am employed by Walmart Inc. as Director, Energy Services.

5       **Q.     ON WHOSE BEHALF ARE YOU TESTIFYING IN THIS DOCKET?**

6       A.     I am testifying on behalf of Walmart Inc. ("Walmart").

7       **Q.     PLEASE DESCRIBE YOUR EDUCATION AND EXPERIENCE.**

8       A.     In 2001, I completed a Master of Science in Agricultural Economics at Louisiana State  
9             University. From 2001 to 2003, I was an Analyst and later a Senior Analyst at the  
10            Houston office of Econ One Research, Inc., a Los Angeles-based consulting firm. My  
11            duties included research and analysis on domestic and international energy and  
12            regulatory issues. From 2003 to 2007, I was an Economist and later a Senior Utility  
13            Analyst at the Public Utility Commission of Oregon in Salem, Oregon. My duties  
14            included appearing as a witness for PUC Staff in electric, natural gas, and  
15            telecommunications dockets. I joined the energy department at Walmart in July 2007  
16            as Manager, State Rate Proceedings. I was promoted to Senior Manager, Energy  
17            Regulatory Analysis, in June 2011. I was promoted to my current position in October,  
18            2016 and the position was re-titled in October, 2018. My Witness Qualifications  
19            Statement is attached as Exhibit SWC-1.

1       **Q.    DO YOU HOLD ANY MEMBERSHIPS RELEVANT TO THE ISSUES BEFORE THE**  
2       **COMMISSION FOR CONSIDERATION IN THIS CASE?**

3       A.    Yes. I am a member of the Edison Electric Institute National Key Accounts Program  
4       Customer Advisory Group and the Renewable Energy Buyers Alliance Advisory Board.

5       **Q.    HAVE YOU PREVIOUSLY SUBMITTED TESTIMONY BEFORE THE FLORIDA PUBLIC**  
6       **SERVICE COMMISSION ("COMMISSION")?**

7       A.    Yes. I testified in Docket Nos. 110138-EI, 120015-EI, 130040-EI, 130140-EI, 140002-  
8       EG, 160021-EI, and 160186-EI.

9       **Q.    HAVE YOU PREVIOUSLY SUBMITTED TESTIMONY BEFORE OTHER STATE**  
10       **REGULATORY COMMISSIONS?**

11       A.    Yes. I have submitted testimony in over 200 proceedings before 39 other utility  
12       regulatory commissions. I have also submitted testimony before legislative  
13       committees in Kansas, Missouri, North Carolina, and South Carolina. My testimony  
14       has addressed topics including, but not limited to, cost of service and rate design,  
15       return on equity, revenue requirements, ratemaking policy, large customer  
16       renewable programs, qualifying facility rates, telecommunications deregulation,  
17       resource certification, energy efficiency/demand side management, fuel cost  
18       adjustment mechanisms, decoupling, and the collection of cash earnings on  
19       construction work in progress.

20       **Q.    ARE YOU SPONSORING ANY EXHIBITS IN YOUR TESTIMONY?**

21       A.    Yes. I am sponsoring Exhibit SWC-1 listed in the Table of Contents.

1       **Q.     PLEASE BRIEFLY DESCRIBE WALMART'S OPERATIONS IN FLORIDA.**

2       A.     As shown on Walmart's website, Walmart operates 383 retail units and eight  
3           distribution centers and employs over 105,000 associates in Florida. In fiscal year  
4           ending 2019, Walmart purchased \$8 billion worth of goods and services from Florida-  
5           based suppliers, supporting over 116,000 supplier jobs.<sup>1</sup>

6       **Q.     PLEASE BRIEFLY DESCRIBE WALMART'S OPERATIONS WITHIN FLORIDA POWER &  
7           LIGHT COMPANY'S ("COMPANY" OR "FPL") SERVICE TERRITORY.**

8       A.     Walmart has 148 stores, four distribution centers, and related facilities that take  
9           electric service from the Company.

10      **Q.     HAS WALMART ESTABLISHED CORPORATE RENEWABLE ENERGY GOALS?**

11      A.     Yes. Walmart has established aggressive and significant company-wide renewable  
12           energy goals, including: (1) to be supplied 50 percent by renewable energy by 2025,  
13           and, ultimately (2) to be supplied 100 percent by renewable energy<sup>2</sup>. Additionally,  
14           Walmart has set a science-based target to reduce emissions in our operations by 18  
15           percent by 2025 through the deployment of energy efficiency measures and the  
16           consumption of renewable energy.<sup>3</sup> To date, Walmart has contracted for or currently  
17           takes electricity from one or more renewable resources in at least 25 states and  
18           Puerto Rico.

---

<sup>1</sup> <http://corporate.walmart.com/our-story/locations/united-states#/united-states/florida>

<sup>2</sup> <http://corporate.walmart.com/global-responsibility/environmental-sustainability>

<sup>3</sup> <http://news.walmart.com/2016/11/04/walmart-offers-new-vision-for-the-companys-role-in-society>

1       **Q.     CAN YOU PROVIDE INSIGHT INTO WALMART'S GENERAL FRAMEWORK FOR**  
2       **EVALUATING RENEWABLE OPPORTUNITIES?**

3       A.     Yes. Walmart's desire for renewable energy resources must be balanced against its  
4       business needs. As a general rule, Walmart does not enter into premium structures  
5       or programs that only result in additional costs to our facilities. Rather, Walmart seeks  
6       renewable energy resources that deliver industry-leading cost, including renewable  
7       and project specific attributes such as renewable energy credits ("RECs"), within  
8       structures where the value proposition allows the customer to receive any potential  
9       benefits brought about by taking on the risk of being served by that resource instead  
10      of, or in addition to, the otherwise applicable resource portfolio. Additionally,  
11      Walmart does not enter into programs with terms in excess of 15 years.

12      **Q.     WHAT CHANNELS DOES WALMART UTILIZE TO SECURE RENEWABLE ENERGY**  
13      **RESOURCES?**

14      A.     To meet our renewable energy goals, Walmart utilizes three primary channels to  
15      secure renewable energy resources:

- 16      •     **Contracting for off-site resources:** These products are typically structured to  
17      replace other energy, both physically and on the bill. This mechanism allows  
18      Walmart to leverage its scale to drive the best project economics while  
19      simultaneously minimizing transaction time and costs. To date, Walmart has  
20      contracted for these resources in deregulated markets through Texas Retail  
21      Energy, LLC, a competitive electric supplier wholly owned by Walmart that serves  
22      as our electric supplier in most deregulated retail markets, to directly serve our

1 load. We have also entered into "Virtual Power Purchase Agreements" in  
2 deregulated wholesale markets, which do not directly serve our load but allow us  
3 to bring new large scale renewable resources to the market.

- 4 • **Contracting for on-site resources:** Walmart contracts for on-site, behind the  
5 meter resources through power purchase agreements ("PPAs") and leases that  
6 allow performance guarantees. These resources replace grid energy and are  
7 priced with the expectation that the operating costs for the site are reduced.
- 8 • **Utility partnerships:** Walmart works with its utility partners to develop useable  
9 commercial and industrial programs and economic structures targeted to function  
10 within the confines of the regulatory compact and with minimal impact to non-  
11 participating customers. When this option is pursued, Walmart works to ensure  
12 that programs it assists to develop can be used by the broader group of large  
13 commercial and industrial customers, not merely Walmart. Walmart is unique in  
14 the large commercial space because we have significant in-house rate and  
15 regulatory expertise that we are willing to leverage to create opportunities to  
16 move the entire industry forward. The largest of these partnerships that have  
17 been executed to date include the development of and participation in Georgia  
18 Power Company's Renewable Energy Development Initiative ("REDI") program<sup>4</sup>  
19 and Alabama Power Company's 72 MW solar farm in Alabama.<sup>5</sup> Additionally,

---

<sup>4</sup> <https://www.greenbiz.com/article/how-google-and-walmart-work-utilities-procure-clean-power>

<sup>5</sup> <http://www.alabamane.wscenter.com/2018/01/02/chambers-county-solar-project-now-serving-alabama-power-customers/>

1 Walmart worked with Virginia Electric and Power Company d/b/a Dominion  
2 Energy Virginia to develop their recently approved Schedule RG<sup>6</sup> and with Ameren  
3 Missouri to develop their Renewable Choice program.<sup>7</sup> While Walmart assisted in  
4 developing these opportunities, the opportunities are open to other interested  
5 large customers, not just Walmart.

6 **Q. DID WALMART ENGAGE IN DISCUSSIONS WITH FPL ABOUT THE SOLARTOGETHER**  
7 **PROGRAM?**

8 A. Yes. Walmart had a conversation with FPL in October 2018 regarding the  
9 SolarTogether Program ("SolarTogether" or "Program") development process.  
10 Walmart has also preregistered in the program.

11

12 **Purpose of Testimony and Summary of Recommendations**

13 **Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY?**

14 A. The purpose of my testimony is to respond to FPL's Petition to approve the proposed  
15 SolarTogether Program.

16 **Q. PLEASE SUMMARIZE WALMART'S RECOMMENDATIONS TO THE COMMISSION.**

17 A. Walmart's recommendations to the Commission are:

18 1) Walmart appreciates FPL's efforts to develop the SolarTogether Program and  
19 recommends that the Commission approve the program with one change to clarify

---

<sup>6</sup> See *Application of Virginia Electric and Power Company For approval to establish a companion tariff designated Schedule RG, pursuant to § 56-234 of the Code of Virginia*, Virginia State Corporation Commission Case No. PUR-2017-00163, Order Approving Tariff (issued Nov. 6, 2018).

<sup>7</sup> See *Union Electric Company Tariff, M.O. P.S.C. Schedule No. 6, 1<sup>st</sup> Revised Sheet No. 94.*

1 REC treatment; and,

2 2) The Commission should require the Company to retire the RECs associated with a  
3 participating customer's subscription on behalf of that customer and include language  
4 in any approved SolarTogether tariff that clearly articulates this transfer.

5 **Q. DOES THE FACT THAT YOU MAY NOT ADDRESS AN ISSUE OR POSITION ADVOCATED**  
6 **BY THE COMPANY OR ANY OTHER PARTY INDICATE WALMART'S SUPPORT?**

7 A. No. The fact that an issue is not addressed herein or in related filings should not be  
8 construed as an endorsement of, agreement with, or consent to any filed position.

9

10 ***SolarTogether***

11 **Program Description**

12 **Q. WHAT IS YOUR GENERAL UNDERSTANDING OF SOLARTOGETHER AS PROPOSED BY**  
13 **THE COMPANY?**

14 A. My general understanding is that the Company proposes SolarTogether as a voluntary  
15 community solar program that allows an eligible customer to subscribe to a share of  
16 a solar resource dedicated to the program and receive an energy credit and the option  
17 to have the REC retired on their behalf. See Direct Testimony of Matthew Valle ("Valle  
18 Direct"), page 3, line 10 to line 13 and page 20, line 10 to line 11.

19 **Q. WHAT IS YOUR UNDERSTANDING OF THE PROPOSED PROGRAM APPLICABILITY FOR**  
20 **FPL CUSTOMERS?**

21 A. FPL proposes to offer SolarTogether to all customers that take service under a  
22 metered rate schedule and do not have a delinquent balance with the Company. See

1 *id.*, Exhibit MV-1, page 4. The Company proposes that an account be able to subscribe  
2 to up to 100 percent of its previous 12 months usage. *See id.*, page 16, line 7 to line 8.

3 **Q. WHAT IS YOUR UNDERSTANDING OF THE COMPANY'S PROPOSED PROGRAM SIZE?**

4 A. My understanding is that the Company proposes a total Program size for Phase 1 of  
5 1,490 MW, constituted of 372.5 MW of capacity for residential and small business  
6 customers and 1,175.5 MW of capacity for commercial, industrial, and governmental  
7 customers. *Id.*, page 9, line 22 to line 23 and page 16, line 18 to line 19.

8 **Q. DOES THE COMPANY PROPOSE DESIGNATED RESOURCES IN THIS DOCKET?**

9 A. Yes. The Company proposes that the program energy be sourced through 20 new  
10 "solar energy centers" to be come online in 2020 and 2021. FPL states that they may  
11 propose additional resources in the future if needed to meet customer demand. *Id.*,  
12 page 9, line 22 to page 10, line 8.

13 **Q. WHAT TERM LENGTH DOES THE COMPANY PROPOSE?**

14 Q. The Company proposes a term length of not less than one billing cycle. *See id.* Exhibit  
15 MV-1, page 1.

16 **Q. WHAT DOES THE COMPANY PROPOSE IF THE CUSTOMER TERMINATES SOLAR  
17 DIRECT SERVICE EARLY?**

18 A. FPL proposes that a customer who terminates SolarTogether service, either  
19 voluntarily or involuntarily, may not re-enroll for a period of 12 months. *Id.*

20 **Q. WHAT REC TREATMENT DOES THE COMPANY PROPOSE?**

21 A. The Company proposes that participants may elect to have the Company retire the  
22 RECs on behalf of the participating customer. *Id.*, page 20, line 10 to line 11. However,

1 it does not appear that the Company has included this provision in the proposed tariff.

2 *See id.*, Exhibit MV-1.

3 **Q. DOES THE COMPANY PROPOSE A PORTABILITY PROVISION FOR CUSTOMERS**  
4 **MOVING WITHIN THE SERVICE TERRITORY?**

5 A. Yes. *Id.*, page 2.

6 **Q. WHAT DOES THE COMPANY PROPOSE AS THE SOLARTOGETHER SUBSCRIPTION**  
7 **CHARGE FOR PHASE I?**

8 A. The Company proposes a fixed Subscription Charge of \$6.76/kW-month for each kW  
9 of subscribed capacity. Per the Company's testimony, the Subscription Charge  
10 represents 96 percent of the base revenue requirements of the program, including  
11 operational costs for the solar centers and program administrative costs. *See id.*, page  
12 10, line 21 to page 11, line 1.

13 **Q. WHAT DOES THE COMPANY PROPOSE AS THE SOLARTOGETHER SUBSCRIPTION**  
14 **CREDIT?**

15 A. The Company proposes a 30 year schedule of \$/kWh Subscription Credits based on  
16 projected system benefits from the solar centers, escalated annually. *Id.*, page 11,  
17 line 2 to line 6 and Exhibit MV-1, page 3.

18

1 **Walmart's Recommendations**

2 **Q. WHAT IS THE WALMART'S OVERALL IMPRESSION OF THE PROPOSED**  
3 **SOLARTOGETHER PROGRAM?**

4 A. Walmart appreciates FPL's efforts to develop the SolarTogether Program and  
5 recommends that the Commission approve the program with one change to clarify  
6 REC treatment.

7 **Q. DOES THE PROPOSED SOLARTOGETHER PROGRAM MEET THE PARAMETERS**  
8 **SOUGHT BY WALMART IN EXAMINING UTILITY PROGRAMS?**

9 A. Generally, yes. As I describe earlier in my testimony, Walmart does not enter into  
10 premium structures or programs that only result in additional costs to our facilities.  
11 Rather, Walmart seeks renewable energy resources that deliver industry-leading cost,  
12 including renewable and project specific attributes such as RECs, within structures  
13 where the value proposition allows the customer to receive any potential benefits  
14 brought about by taking on the risk of being served by that resource instead of, or in  
15 addition to, the otherwise applicable resource portfolio. Additionally, Walmart does  
16 not enter into programs with terms in excess of 15 years. FPL's proposed  
17 SolarTogether Program meets all of these parameters.

18 **Q. WHAT IS WALMART'S CONCERN IN REGARD TO THE COMPANY'S PROPOSED REC**  
19 **TREATMENT?**

20 A. Walmart's concern is that the Company's proposed REC treatment does not  
21 definitively convey RECs to participating customers, and the proposed tariff does not  
22 clearly convey this transfer.

1       **Q.     WHY IS THIS IMPORTANT?**

2       A.     Requiring the Company to retire RECs for a participating customer's subscription on  
3             behalf of that customer and clearly articulating that program feature will ensure that  
4             all participating customers can accurately represent their usage of the program as the  
5             consumption of renewable energy. Without the RECs that claim is not valid,<sup>8</sup> and the  
6             Company's proposal to only retire the RECs upon request, and the exclusion of any  
7             supporting tariff language, puts customers at risk for misrepresenting the content of  
8             their electricity consumption.

9       **Q.     WHAT IS WALMART'S RECOMMENDATION TO THE COMMISSION ON THIS ISSUE?**

10      A.     The Commission should require the Company to retire the RECs associated with a  
11             participating customer's subscription on behalf of that customer and include language  
12             in any approved SolarTogether tariff that clearly articulates this transfer.

13      **Q.     DOES THIS CONCLUDE YOUR TESTIMONY?**

14      A.     Yes.
