Please leave JEA as an interested person at this time. If the parties don't settle the matter informally and we have to set a hearing, we'll have JEA designated as a party of record at that time.

**Subject:** Docket 20190168; DN 11478-2019

**Good afternoon, Kristen,**

**On 12/26/19, JEA filed an objection to First Coast's application for original certificate of authorization and initial rates and charges for water and wastewater service. We have added their contact information and their representative's contact information as interested persons in that docket. Please advise if they should be designated as an official party of record for that docket.**

**Thank you for your help!**
