**Re:**  
Deer Creek RV & Golf Country Club Inc.'s Proposed Residential Water & Sewage Rate Increase  
Docket NO. 20190071-WS

After attending the Commission's informational meeting for Deer Creek residents held December 17, 2019, and reviewing the documents provided, we are writing to urge the Commission to NOT approve the rate increase as requested. Not only would our personal monthly water bill more than double under the proposed rates, but it appears that Deer Creek residents would also be bearing an unreasonable proportion of water and sewage

expense which is largely due to usage on the part of commercial businesses fronting Deer Creek on US Route 27. Thank you for your careful consideration of this extremely complicated situation.
